

GW6-15

- Reduce expenditure on water and sewerage costs
- No floods
- Runs on the GW6-15 waterless urinal system
- Classic design
- No water supply piping or power to install
- Waterless cartridge lasts around 6-12 months
- Dual valve for added protection against odours
- Suitable for exposed waste pipes

The GW6-15 Tanami waterless urinal bowl uses the same valve and "snorkel" technology as the popular GW6 cartridge. The urinal is manufactured in ceramic and is suitable for exposed pipework.

The GW6-15 Tanami now incorporates the latest version of the GW6-15 valve core with much faster drainage of approximately 12 litres per minute. This allows for more effective sluicing of the waste pipes to keep them even cleaner. The dual valves are now manufactured in a special silicone to reduce the chance of damage from harsh cleaning chemicals, although these are still best avoided in order to maximise the life of the cartridge.

Sample specification Text

GW6-15 Tanami Waterless Urinal in Vitreous China For Exposed Pipework 500mm (H) x 383mm (W) x 303mm (D). Complete with Wall Brackets and GW6-15 waterless Cartridge. Product Code GW6-15-TANAMI

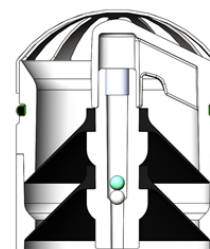

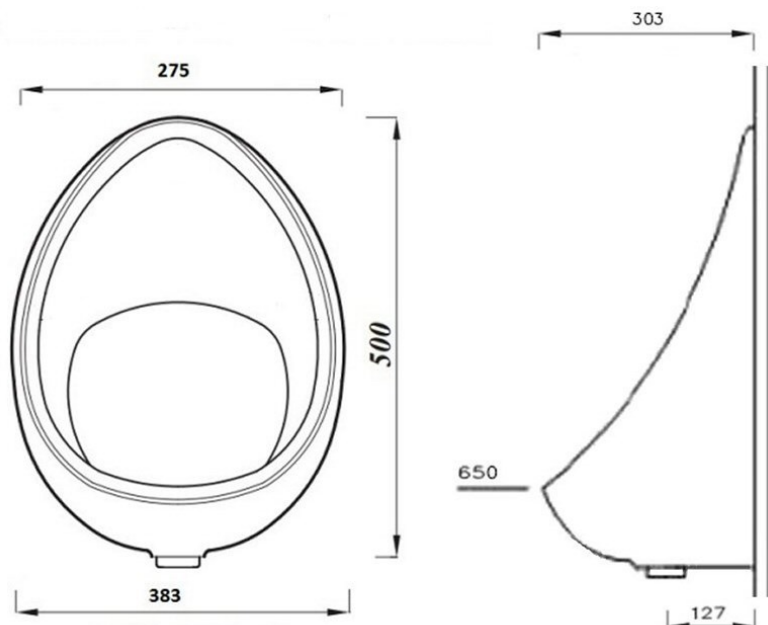

*RED TEXT may denote a variable

TANAMI

Gentworks

**Unique Double-Skirt
Silicone Valve System**

NO TRAPS TO BE INSTALLED

38MM (1½") BSP WASTE CONNECTION

Recommended Mounting Height: Top of front lip to finished floor - Junior 510mm, Adult 650mm
Urinals spaced at 700mm centres. Urinal is screwed to wall with supplied hangers

Recommended Waste Fittings (Not Supplied)

For vertical waste pipe — McAlpine T29-LN 1½" Multifit x Female BSP Straight Coupling

For horizontal waste pipe— McAlpine T5M or T5M-A 1½" 90° Multifit Bend x BSP coupling nut

For Best Results:

The waste pipework should be clear of scale and debris (i.e. "descaled"). We recommend that the waste pipes are jetted or cleared using electrical pipe cleaning equipment, as used by drain maintenance companies. Alternatively, it may make sense to replace old waste pipes with new ones.

REPLACEMENT VALVE AND CLEANER

Replaceable Dual Valve Cartridge

GW615V

Replacement Valve Core

BC5LX1

Urinal Sluicing
Bactericidal Cleaner
Concentrate 5 litres

NVIROCLEAN

Spray and Walk Away
Waterless Urinal Cleaner
